Key questions defining research program:
1) What is the impact of palliative care consult in seriously ill cancer patients?

Key words describing research program:
1) Palliative Care
2) Quality of Life
3) Cancer
4) Communication

Titles for shovel-ready research projects:
1) Palliative care consult impact on ICU admission in cancer patients
2) Palliative care consult impact on quality of life in cancer patients

Data sources for shovel-ready research projects:
1) NCI primary data collection
