Key questions defining research program:
1) To describe unusual presentation of PJP infection and summarize prior similar cases in literature
2) Reasons for presentation/spectrum of disease in Lyme cases

Key words describing research program:
1) Case report
2) Case series

Titles for shovel-ready research projects:
1) Granulomatous pneumocystis jirovechii lung infection
2) Spectrum of Lyme disease presenting to an urban ID Clinic

Data sources for shovel-ready research projects:
1) Powerchart review
2) Epic chart review of patients presenting with Lyme to ID clinic
